The screenshot shows the StoryJumper website interface. At the top, there are three callout boxes: 'Criar ebook' pointing to the 'Create new book' button, 'Tutoriais' pointing to the 'Learn the Basics' and 'Hands-on Tutorial' links, and 'Colocar questões via email' pointing to a 'help' button on the right sidebar. The main content area is divided into two sections: 'My Books' and 'Read Fun Books'. The 'My Books' section displays two book covers: 'Livro experiência' and 'Bruxinhas', each with an 'I'm Finished' checkbox. The image shows the StoryJumper editor interface. On the left is a book cover template with a blue background. It features a central illustration of a blue stick figure walking on a path through a forest. There are three text input fields: one at the top, one inside a speech bubble on the illustration, and one at the bottom. All three fields contain the placeholder text "enter text here". To the right of the template is a settings panel with the following sections: "Title" with a text input field containing "enter text here" and a font color/size selector; "Attribution" with a text input field containing "enter text here" and a font color/size selector; "Background Color" with a color selection dropdown; and "Cover Page" with a dropdown menu currently set to "Page 2".
